WynnPharm

What is DermaZinc®?

From mild to more severe chronic skin conditions, DermaZinc® is effective, affordable, and convenient.

These conditions are not just physically uncomfortable, but emotionally stressful. All skin is different and with a selection of original products to choose from, you choose what works best for your skin.

*DermaZinc® products are applied directly on to the skin. There are no pills or injections involved.

DermaZinc® is Recommended by Physicians

For more than 20 years, DermaZinc® has provided proven relief to those who suffer from various forms of dermatitis. Those who suffer from eczema have reported benefits when using our products. DermaZinc® has been used to treat conditions of the scalp including flaking and itching associated with Dandruff. DermaZinc® also works really well in helping with other - more general - skin conditions including, rashes, poison ivy, bug bites, ringworm, and skin fungus.

Proven Results

Our products provide relief to those who suffer from a variety of chronic skin conditions. Results are achieved in as little as seven to ten days!

Before and After photos are not altered. These results were achieved using prescription strength DermaZinc®. For severe cases, consult a physician about compounding DermaZinc®

How to Apply DermaZinc®

DermaZinc® Spray - Apply DermaZinc® to the affected area, twice a day - for up to 2 weeks. When the affected area is cleared, maintain skin's natural health by applying 2 times a day/3 days a week.

DermaZinc® Cream - Apply DermaZinc® to the affected area, twice a day - for up to 2 weeks. When the affected area is cleared, maintain skin's natural health by applying 2 times a day/3 days a week.

DermaZinc® Shampoo - Apply to your scalp, in replacement of your current shampoo. Leave in for a few minutes before rinsing. When the affected area is cleared, maintain scalp's natural health by applying at least 3 times a week.

DermaZinc® Soap - Apply to the affected area, in replacement of your current soap.

Compounding DermaZinc®

For more severe cases, ask a healthcare professional about prescription strength DermaZinc®. Our products can be made into a prescription through a process called compounding. This can be done by a pharmacy that offers these services.
