

Full Body Soap for Everyday Use.

For years, DermaZinc[®] Soap has been trusted by doctors and patients as a leading treatment for conditions such as dermatitis.

For relief of itching, redness, irritation, scaling, and flaking associated with seborrheic dermatitis and other skin conditions, this full-body soap is designed for everyday use. Gentle enough for both adults and children, it provides whole body relief from chronic skin conditions.

Made with all-natural ingredients, it can replace your current soap for daily cleansing and may help promote healthier-looking skin in as little as 7–10 days.

About DermaZinc[®]

Main Ingredients

Active Ingredient: Pyrithione Zinc 2.0%

Other Ingredients

Sodium Palmate, Sodium Cocoate, Water, Glycerin, Avena Sativa (Oat Kernel) Flour, Sodium Chloride, Grape (Vitis Vinifera), Seed Oil, Olea Europaea (Olive) Fruit Oil, Butyrospermum Parkii (Shea Butter), Theobroma Cacao (Cocoa) Seed Butter, Tetrasodium Glutamate Diacetate, Natural Vitamin E, Pentasodium Pentetate

How to Use

Use on affected areas in place of your regular soap. For best results, use at least twice a week or as directed by your doctor. Work up a rich lather using warm water and massage gently into affected areas. Rinse well.

Cautions

Ask a doctor before use if you have seborrheic dermatitis that covers a large portion of the body. For external use only. Avoid contact with the eyes. If contact occurs, rinse eyes thoroughly with water. If condition worsens or does not improve after regular use of this product as directed, consult a doctor. If condition covers a large area of the body, consult with your doctor before using product. If pregnant or breast-feeding, ask a health professional before use. Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.
