About DermaZinc®

Main Ingredients

Active Ingredient: Pyrithione Zinc 0.25%

Other Ingredients

Isopropyl myristate, SD-alcohol 40B, sodium lauryl sulfate, undecylenic acid.

How to Use

Shake well before each application. Apply to affected area 1 to 3 times daily for 2-3 weeks for mild to moderate chronic skin conditions. For maintaining healthy skin, apply 2 times a day a minimum of 3 times a week.

Cautions

For external use only. Flammable; keep away from fire or flame. Ask a doctor before use if you have a condition that covers a large area of the body. When using this product avoid contact with eyes. If contact occurs, rinse eyes thoroughly with water. Stop use and ask a doctor if condition worsens or does not improve after regular use of this product as directed. If pregnant or breast-feeding, ask a health professional before use. Keep out of reach of children. If swallowed, get medical help or contact Poison Control Center right away.
