

## Concentrated Omega-3 1,200 mg Fish Oil – Natural Orange Flavor

Support your overall health with Nutressa® Concentrated Omega-3 1,200 mg, a premium fish oil supplement designed to provide essential omega-3 fatty acids in a convenient and pleasant form. Omega-3s, including eicosapentaenoic acid (EPA) and docosahexaenoic acid (DHA), are crucial for maintaining cardiovascular, nervous system, immune, and skin health, among other benefits.

While fatty fish is the best natural source of omega-3s, many diets fall short of providing adequate amounts. Our molecularly distilled formula delivers concentrated omega-3s from a sustainable and environmentally responsible source, certified by Friend of the Sea®. Each batch undergoes rigorous testing for purity, including checks for pesticides and heavy metals, ensuring a clean and safe product. To enhance your experience, natural orange oil is added for a fresh, pleasant flavor.

### Features

- **Cardiovascular Support:** Promotes heart health and balanced lipid levels.\*
- **Brain and Nervous System Function:** Helps maintain cognitive health and nerve function.\*
- **Immune and Skin Health:** Supports immune resilience and promotes hydrated, healthy skin.\*
