

NADH⁺ Forte

Energize Your Mind, Fuel Your Focus, and Support Cognitive Function.

Every cell in your body needs energy to function at its best – and NADH is a key player in making that happen. Known as Coenzyme 1, NADH helps convert the food you eat into ATP, the primary fuel your cells use for energy.

NADH⁺ combines a powerful trio of NADH, Coenzyme Q10, and Chlorophyll in a proprietary formula designed to support cellular energy and boost overall vitality. What sets it apart is the inclusion of Nicotinamide Adenine Dinucleotide (NAD) – a naturally occurring coenzyme found in all living cells. This essential compound acts like a spark plug for many biological reactions and plays a vital role in energy production, metabolism, and healthy cell function.

Whether you're dealing with daily fatigue, looking to stay sharp and focused, or simply supporting cognitive wellness as you age, NADH⁺ provides targeted support to help you feel energized and mentally clear.

Features

- A synergistic, proprietary blend of Nicotinamide Adenine Dinucleotide (NADH, also known as Coenzyme(1), Coenzyme Q(10) and Chlorophyll.*
- Vegan and GMO-Free Formula.*
- Gluten Free, Soy Free, Dairy Free.*
- With CoQ(10) for increase cellular energy.*
- High purity (>98%) NADH ingredient.*
- With Chlorophyll for increased absorption and Bioavailability.*

Benefits

- Help to increase cellular energy production (ATP).*
- Helps manage mental clarity and alertness due to age-related changes.*
- Helps support memory and focus due to age-related changes.*
- May help with tiredness and brain fog.*

Main Ingredients

Each Serving (1 capsule) Contains:

NADH	15 mg
reduced β-Nicotinamide Adenine Dinucleotide	
Coenzyme Q ¹⁰ (natural ubiquinone)	30 mg
Chlorophyll (as sodium copper chlorophyllin)	5 mg

Other Ingredients

Microcrystalline cellulose, ascorbyl palmitate (preservative). Capsule shell: vegetable cellulose, sodium copper chlorophyllin.

Suggested Use

One capsule daily preferably in the morning and prior to a meal, or as recommended by a healthcare professional.

Cautions

It is always recommended to consult your healthcare professional before taking any dietary supplement, if you are undergoing treatment for a medical condition, if you are pregnant or lactating, or if you are taking blood pressure medication. If cramps or diarrhea occurs, reduce the dosage.

Do not use if safety seal is damaged or missing.
Store in a cool, dry place.

KEEP OUT OF REACH OF CHILDREN.
