

# Nattokinase 2000 FU

Promotes Healthy Circulation and Cardiovascular Wellness.

Nattokinase is a naturally occurring enzyme derived from fermented soybeans through a traditional Japanese process. Widely studied and used in Japan and other parts of Asia, this unique enzyme has gained attention for its ability to support circulation and cardiovascular health.

Endogenously produced during the fermentation of soy by *Bacillus subtilis*, Nattokinase helps maintain healthy blood flow and may support the body's natural processes for managing blood cell pathways and vascular tone. Unlike common blood-thinning medications, Nattokinase is not associated with the gastrointestinal side effects typically seen with synthetic agents.

Each delayed-release capsule is designed for optimal absorption in a convenient, vegan-friendly formula.

## Features

- 100% vegan, non-GMO formula.
- Contains 100 mg of Nattokinase (2000 FU) per capsule.
- Delayed-release capsule for improved absorption.
- No known gastrointestinal side effects.
- Made without gluten, dairy, soy, or artificial ingredients.

## Benefits

- Supports healthy circulation and vascular function.\*
- Helps maintain normal fibrin levels in the blood.\*
- Promotes optimal blood flow and heart health.\*
- Supports the body's natural mechanisms for maintaining healthy blood flow.\*

## Main Ingredients

Each Serving (1 capsule) Contains:

Nattokinase Enzyme (2000FU\*\*) ..... 100 mg  
from fermented, non-GMO soy (bean)

\*\* FU- enzyme activity in Fibrinolytic Units

## Other Ingredients

Microcrystalline cellulose, hypromellose, ascorbyl palmitate (preservative), gellan gum.

**CONTAINS SOY**

## Suggested Use

Adults take one capsule daily between meals (or on an empty stomach) as recommended by a healthcare professional.

## Cautions

It is always recommended to consult your healthcare provider before taking any dietary supplement, if you are pregnant or nursing, are allergic to soy, or if you have a blood coagulation disorder. If you are taking an anticoagulant (blood-thinning medication), consult a physician before taking this product.

Do not use if safety seal is damaged or missing.

Store in a cool, dry place.

**KEEP OUT OF REACH OF CHILDREN.**
