

Nervine™

Maintain Your Sense of Calm: Nervous System Support with Nervine™.

Nervine™ herbs are nature's gift for supporting a healthy nervous system. Among these, one of the most celebrated is *Eschscholzia californica*, commonly known as the California poppy. This remarkable herb is recognized for its soothing properties.

Our product, Nervine™, is designed to harness the natural benefits of the California poppy. Known for promoting relaxation and relieving minor aches, the California poppy works wonders in promoting relaxation and comfort.

A study from France also discovered that when combined with Hawthorn berry, another natural ingredient, the calming effects are amplified. This dynamic duo not only supports the nervousness but also supports a steady heart rhythm, offering a comprehensive approach to wellness.
