

Optimized Berberine Complex

For Supporting Blood Sugar Levels – For Maintaining Healthy Glucose Metabolism.

Berberine Complex is a natural solution for supporting healthy blood sugar levels and promoting optimal glucose metabolism. Our innovative formula harnesses the power of Berberine, a natural alkaloid renowned for its benefits in healthy blood sugar management.

Berberine, found in various plants like Goldenseal, Oregon grape, Barberry, and Chinese Goldthread, has historically shown promise in managing blood sugar levels. However, due to its poor absorption across the gut wall, high doses were often necessary to achieve therapeutic effects.

Berberine Complex uses a groundbreaking orthomolecular formula, specifically designed to amplify Berberine's absorption and utilization. Utilizing a specialized support blend, our formulation significantly enhances Berberine absorption, optimizing its effectiveness in supporting healthy glucose metabolism.

Features

- Uses a highly researched specialized support blend to significantly increase berberine absorption.*
- Targets control of blood sugar by activating adenosine monophosphate-activated protein kinase or AMP-activated protein kinase (AMPK) and by supporting expression of insulin receptors and therefore managing insulin resistance.*
- The activation of AMPK tells the body to burn fats for energy.*
- Highly bio-available berberine in a delayed release (DR) vegetarian capsule for maximized absorption.*

Benefits

- Helps to manage blood sugar levels and improve insulin sensitivity,*
- Helps to activate AMP-activated protein kinase (AMPK) which can help weight management.*
- May Help improve conditions associated with elevated blood sugar,*

Main Ingredients

Each Serving (2 capsules) Contains:

Vitamin E	16.5 mg
from Vitamin E TPGS (tocopherol polyethylene glycol succinate)	
Chromium	20 mcg
from Chromium picolinate	
Berberine	500 mg
from <i>Berberis aristata</i> bark	
Caprylic acid	100 mg
Chitosan HD (deacetylated)	33.2 mg

Other Ingredients

Microcrystalline cellulose, vegetable cellulose, sodium hydroxide, magnesium stearate, gellan gum.
CONTAINS: crustacean shellfish (crab)

Suggested Use

Two capsules daily preferably on an empty stomach, or as directed by a healthcare professional.

Cautions

It is always recommended to consult your healthcare provider before taking any dietary supplement, if you are undergoing treatment for a medical condition, if you are pregnant or lactating, or if you have an allergy to seafood.

Do not use if safety seal is damaged or missing.

Store in a cool, dry place.

KEEP OUT OF REACH OF CHILDREN.
