

THYMUSKIN® Regeneration Scalp Shampoo is a haircare system designed for managing scalp care including oily scalp, redness, itching and dandruff.

THYMUSKIN® Regeneration is formulated with the GKL-02 Thymic Peptide Complex, which helps strengthen the hair and boost the immune defense in the hair and scalp. It is especially effective for a fatty hairline and dandruff, all the while being gentle on the scalp.

Benefits

- Regenerative scalp care
- Regulates dandruff formation
- Relieves irritation such as redness and itching
- Against androgenetic hair loss

Directions

For gentle cleansing and basic conditioning, start by thoroughly rinsing your hair with warm water. Massage the shampoo into your hair and scalp, allowing it to sit briefly. Rinse well with warm water, then towel-dry for best results.

It provides type-specific care, gently cleanses, and prepares the scalp for the application of Thymuskin Serum.
